FIGHT WAGED AT HANKOW WAS DIRE

Most Bloody of Conflict; 1500
Government Troops Said
to Have Perished

IMPERIALISTS SHOT DOWN WITHOUT MERCY

Order Prevails in Shanghai
Since Capture By Rebels—
Soldiers in Sympathy

SHANGHAI, Nov. 4.—Details of the fighting at Hankow on Oct. 31 arrived here today showing that the struggle between the rebels and the imperialists was the most bloody of the conflict to date. More than 1500 government troops are reported to have fallen. The crushing losses of the imperialists came as a retribution after they had massacred men, women and children in the Chinese section of the city after the first rebel reverse. When the revolutionists again attacked from Wuchang, the imperial troops put up a desperate resistance but were overwhelmed by the weight of numbers. The fighting raged from street to street, and everywhere the imperial soldiers were cornered and shot down, and without mercy.

Order is general here today following the capture of Shanghai by the rebels. The whole city, except for the foreign concessions is in the hands of the revolutionists as are also the forts at Wu Sung, ten miles away. All the Chinese soldiers and firemen in the city are in sympathy with the rebels.

RODGERS SAFE AT BANNING

BANNING, Cal., Nov. 4.—Aviator Rodgers made a perfect landing here at 12:55 this afternoon. He announced that he would continue his flight this afternoon, expecting to reach Pasadena between three and four this afternoon.

Rodgers experienced difficulty in getting off the ground at Imperial Junction this morning, and it was stated that he probably would not take the air before 11 o'clock. His mechanics hauled his machine a distance of two miles near the bed of Salton Sea where the opportunity for the start was better.

The weather is excellent. Rodgers declared his confidence in reaching Pasadena on schedule time. His special train, bearing his wife and mother will follow him to Pasadena.

**WAS TO LEAVE AT 9
FOR CROWN CITY**

PASADENA, Nov. 4.—Aviator Rodgers was due to leave Imperial Junction at 9 o'clock this morning for Pasadena.

Started at 10:45

IMPERIAL JUNCTION, Cal., Nov. 4.—Aviator Rodgers finally started for Pasadena at 10:45. He headed due west along the Southern Pacific tracks.

Passed Cerebaz

PASADENA, Nov. 4.—Aviator Rodgers passed Cerebaz at 12:48 o'clock.

**STARTED FROM ATLANTIC TO
WIN \$50,000 PRIZE**

The story of Rodgers' flight across the continent is an interesting one, and was recently sketched briefly by the Los Angeles Examiner as follows: Calbraith Rodgers who started from Sheephead Bay Sept. 17, as one of the contestants for the Hearst \$50,000 prize, offered to the first aviator who made the trip from ocean to ocean within thirty days, was disappointed that accidents in the East forced him to abandon hope of winning that prize weeks ago, but took consolation in the fact that he would be the first man to cross the continent in an aeroplane and also in the knowledge that he would have broken all world's records when he reaches Los Angeles.

With the exception of the engine, the rudder and the elevating plane, Rodgers' machine is entirely rebuilt since he sailed away from Sheephead Bay that Sunday afternoon, cheered by thousands who wanted him to be the winner of the prize.

His first trouble came when he got off his course at the start and lost about 120 miles. The second day out he wrecked his machine, and this necessitated a delay. Again, at Salamanca, N. Y., he met with an acci-

Begged Taft To Sign \$2000 Note To Help Him Out

HOT SPRINGS, Va., Nov. 4.—President Taft today received from a Connecticut man a pathetically worded letter requesting the Nation's Chief Executive to stand good for him on a \$2000 note. The President refused. "I wish to secure your signature to keep as long as I live," reads the letter. "I have been out of work since January 1, when my eyes failed me. I think it manlier to get help this way than to become a public charge."

Enclosed was a three-year's note, needing only President Taft's signature to become negotiable. The President read the letter, then sought the golf links.

WASHINGTON, Nov. 4.—Chief Justice White of the United States Supreme Court celebrated his sixty-sixth birthday yesterday and was felicitated by his colleagues on the bench, members of the bar and friends generally.

**Los Angeles
Plans for One Million**

LOS ANGELES, Nov. 4.—The first public mass meeting looking toward the building of a practical and beautiful city adequate to a population of one million will be held tonight at the Temple auditorium. The citizens of Los Angeles believe that practical plans can be worked out to an early attainment of this end.

**Dead Bodies
Suggest Death Pact**

CHICAGO, Nov. 4.—Police and neighbors today broke into the house of Henry Lottsch and found him and his wife and son Roy, aged 12, dead, as a result of what was probably a pact between the mother and father to end their own lives and kill the boy. Evidently the couple were crazed by religious zeal.

much delay he reached Ohio. From there he flew into Indiana, took several days crossing there and then headed for Chicago. He lost little time there, but moved westward, and when he reached St. Louis he thrilled that city with flying tricks they had never dreamed of. After that time he flew steadily for some time, but when he reached Texas and Arizona his troubles began.

2000 SOLDIERS OF MEXICO SWEAR AID TO NEW GOVERNMENT

ENSENADA, Lower Cal., Nov. 4.—(via San Diego, Cal.)—Two thousand officers and men of the Mexican army Thursday afternoon swore allegiance to the new government of Mexico in the presence of practically the entire population of this place. Immediately after the ceremony General Gordillo Escudero, civil and military governor of Lower California, left in an automobile for Tia Juana and San Diego.

SUPERIOR JUDGE AND THREE LAWYERS PUT UNDER ARREST

Judge Conrey of Los Angeles, Attorney E. E. Keech of Santa Ana and Attorneys Surr and Curtis of San Bernardino were arrested yesterday on the property of the California Portland Cement Company in San Bernardino County. An over-zealous watchman seized the records of the court and held the judge and the attorney in custody.

Judge Conrey was making a trip over the Santa Ana river gathering a final material for deciding the water suit in which the Santa Ana valley water companies are plaintiffs and a large number of non-riparian owners are defendants. The party left the automobile on a road in the cement company's property, and when the men returned the spark-plug and a roll of maps, records of the court, were gone. Later a watchman named Smith was encountered. Smith told them he was an officer, and they would have to go to the superintendent's office.

NEAR MIDNIGHT STREAKS PASS THROUGH

North Main to See Some of
Highest Speed of Great
Phoenix Race

SIXTEEN CARS LEAVE THE CITY

Turn at First—Streets Must
Be Cleared of Autos, Rigs
and People

Tonight about 11:30 o'clock the first of sixteen automobiles that will start from Los Angeles on the great race to Phoenix, Ariz., will pass through Santa Ana. The last of the machines will probably go by before 1 o'clock.

The Santa Ana Automobile Club has undertaken the clearing and patrolling of the streets along which the streaks of iron and gasoline will go. The cars will come in on North Main street, and will turn east at First street, turning south at the El Camino Real bell at Tustin. The turns will be marked with two red lights.

Company L men will patrol the streets and see that they are kept clear. All automobiles and rigs must be off of Main and First streets by 11 o'clock, and they must stay off. Any automobile stopping at crossings while the cars go by must not turn their lights in the direction in which the racers are coming. That is an imperative rule as lights from standing autos might confuse the drivers.

It is expected that the highest rate of speed for any short distance will be maintained on North Main street, Santa Ana, where there is a long stretch of paved street. Some lively contests to pass each other on that stretch will mean that a tremendous rate will be maintained.

The first car leaves Los Angeles at 10:45 o'clock, and the others leave at intervals of five minutes, the last leaving at 12 o'clock. The cars will be numbered. Teddy Iettaff, a former Orange boy, is to drive No. 13.

The cars in the order of starting will be: 1, Maxwell; 2, Pope-Hartford; 3, Franklin; 4, Stoddard-Dayton; 5, Cadillac; 6, E. M. F.; 7, Flanders; 8, Mercer; 9, Cole; 10, Case; 11, National; 12, Buick; 13, Fiat; 14, Midland; 15, Lexington; 16, Bisbee Buick.

GREAT DIFFICULTY IN SECURING JURY

STOCKTON, Cal., Nov. 4.—The third venire of talesmen in the Atwell murder case was exhausted this morning without securing the twelfth juror. A fourth venire of vity men will be summoned to appear Monday morning.

DEPART SOARED OVER BIG FLEET ERE THEY SAILED

LOS ANGELES, Nov. 4.—D. C. De-part, a Curtiss biplane operator, made a successful flight today from Hyde Park over the Pacific harbor, and back to Dominguez field. He attained a height of 2000 feet and was in the air fifty minutes. Leaving Hyde Park aviation field, Depart steered for Dominguez field. He hurried from the big grandstand in a mad, quick sprint to the sea, circling over the torpedo squadron and the cruisers as they prepared to steam north.

SUPERIOR JUDGE AND THREE LAWYERS PUT UNDER ARREST

The judge and the three attorneys argued and quoted supreme court decisions and told the man he was guilty of robbery, disturbing the peace, contempt of court, and a few other things. But Smith said he knew his business. He said the company was involved in a law-suit and his instructions were not to let anybody take any photographs or go wandering around the vicinity. Judge Conrey tried to tell the man he was only looking at the river, but Smith was obdurate.

The automobile had to go to the superintendent's office. While waiting for the superintendent, Smith took away another spark-plug. Finally the superintendent showed up, and in about a minute he was apologizing for the acts of the employee. The superior judge was allowed to go in peace.

Attorney Keech said it was a good joke, but it got kind of tiresome as the party was in a hurry.

TRIED TO SELL \$1155 CHECK FOR \$8

Thus Was Valuable Slip of
Paper Recovered By Los
Angeles Police

NEVER MISSED IT TILL IT WAS FOUND

Mexican Named Espinoza Ar-
rested With the Property
'Stolen From Mail

A check for \$1155.15 that was mailed from Orange on Nov. 30 but which never reached its destination was discovered in Los Angeles last night when a Mexican giving the name of Holon Espinoza tried to sell it for eight dollars.

The check was made out by the Santiago Orange Growers' Association, was signed on Oct. 28 by J. A. Maag as president and was mailed by the secretary, W. M. Smart. It was made out to A. R. May, who lives at the corner of Depot and Maybury streets, Santa Ana.

May thought it was time for getting a check, but he did not know until last night when he was called up on information that Espinoza was arrested that the check actually existed. Deputy Sheriff Jernigan went to Los Angeles this morning to get Espinoza.

Just how Espinoza gained possession of the check is a mystery. May thinks that the letter in which the check was enclosed was delivered by the carrier at his box, No. 3, R.F.D. 1, Santa Ana and stolen by Espinoza or some other Mexican from the box. May knows no Mexican by the name of Espinoza.

The check was in payment for a pool of September Valencia. May was receiving \$1155.15 for the product of two acres of Valencia eight years old.

INVESTIGATE PRINT SHOP

SACRAMENTO, Nov. 4.—That a thorough investigation of the state printing office will be made at the special session of the legislature to be called for Nov. 27, was announced this afternoon by Governor Johnson after further conference with fifty members of the legislature.

Eight other subjects of legislation may possibly be taken up as follows: Weights, measures, woman's suffrage, initiative, referendum and recall, railway commission, sailors, soldiers, exemption, and irrigation bonds. While the governor has refused to state positively whether or not the presidential primary will be included in the call for the special session it is expected it will be included. The session is expected to last until Christmas at least, and possibly longer. Gov. Johnson expects to issue a call before the expiration of next week.

SUBJECTS TO BE TAKEN UP AT SPECIAL SESSION

SACRAMENTO, Nov. 3.—Sixteen or more general subjects of legislation will be considered at the special session of the legislature to be held early in December, according to an announcement made by Governor Johnson last night after he had been in closed conference with members of the legislature all day.

These subjects include a presidential primary law; a constitutional amendment to be voted upon at the next general state election providing for free textbooks; re-appointment of legislative districts; an appropriation to relieve the congested condition at the Southern California Hospital at Los Angeles; laws having to do with weights and measures; woman's suffrage, the initiative, referendum and recall, a divided session of the legislature, the railway commission, revenue and taxation, sailors and soldiers exemption from taxation, the state printing office investigation, irrigation bonds, primary laws, school laws, adjustment, industrial accident laws, building and loan laws, and the summing for contempt of those who witness who refused to testify before the special senate committee at the investigation of the affairs of State Printer Shannon, with the removal of Shannon if conditions warrant it.

SUSPECTED BANK ROBBER ARRESTED

VANCOUVER, B. C., Nov. 4.—John Bozzyk, with \$4000 in marked bills in his possession, was arrested today and is being held charged with being one of the parties concerned in the robbery of the Bank of Montreal, in New Westminster, in September last.

RETURNS OF RECENT ELECTION ARE GIVEN

Woman Suffrage Official Majority
3587—Pass Amendment Lost—All
Other Amendments Were Carried

SACRAMENTO, Nov. 4.—Secretary of State Jordan completed last night his compilation of the official returns from the constitutional amendment election of October 10. The work was hastened in order to permit the women to vote, without question, at the city election in Los Angeles, December 5. The point had been raised that they could not vote within thirty days after the official announcement of the result.

For the first time, the announcement is made that one of the twenty-three amendments was defeated. This was No. 19 on the ballot. It authorized members of the railroad commission and peace officers to accept railroad passes. The amendment was defeated by 6132 votes.

The highest total vote was on the suffrage amendment, 246,847. The suffrage amendment won by 3587, the smallest majority given to any one of the successful twenty-two.

The highest majority was given to No. 9, eliminating technical appeals in criminal cases, 141,492. The recall amendment received 142,360 majority. Two amendments besides equal suffrage received less than 10,000 majority, the others being the permission given the Legislature to abolish the office of justice of the peace, and the exemption of \$1000 in taxes for old soldiers. The official counts follow:

Amendment No. 1, weights and measures—For, 165,581; against, 53,688. Majority, 122,313.

No. 2, relating to county charters—For, 130,828; against, 76,727. Majority, 54,571.

No. 3, providing for double legislative sessions—For, 127,794; against, 79,384. Majority, 48,446.

No. 4, equal suffrage—For, 125,037; against, 121,450. Majority, 3587.

No. 23, enlarging powers of railroad commission—For, 144,205; against, 63,380. Majority, 80,825.

CHANDLER TO BE QUIZZED FOR JURY

Bordwell Will Not Excuse
Times Publisher Except
on Personal Reasons

CHANDLER SUBPOENAED AS WITNESS FOR STATE

Twenty Men Qualified to Re-
port Monday—One of Ju-
rors Reported Sick

LOS ANGELES, Nov. 4.—Harry Chandler, son-in-law of General Otis and assistant publisher of the Los Angeles Times, may have to stand interrogation regarding his qualifications for jury service in the McNamara murder trial.

When he appeared before Judge Bordwell today confidently expecting to be immediately excused, he found the judge obdurate, the judge ruling that the fact that Chandler was intimately associated with the prosecution and actually under subpoena as a witness for the State, could not be considered.

"I can only consider personal reasons, Mr. Chandler," said Judge Bordwell to the dumfounded publisher.

"But your Honor, I am under subpoena as a State witness in this case," protested Chandler nervously.

Judge Bordwell smiled hopefully and told Chandler that if he had any urgent business reasons he might consider them.

"I have a trip to Arizona on which I had planned to start tonight," said Chandler.

Judge Bordwell finally ruled that Chandler must report for jury qualifications when he returned next Wednesday.

As Chandler was leaving the court room Judge Bordwell explained to Chandler that if between now and Wednesday he finds that because of business or other reasons he is not qualified for jury duty, he may present a new excuse at that time. Defense Attorney Joseph Scott suggested that because of his connection with the Los Angeles Times and the necessity of his being in office as manager of its business, Chandler might claim exemption on the ground that the newspaper might suffer if he was compelled to remain.

When Judge Bordwell completed his examination of veniremen he had qualified twenty of forty talesmen for jury service next Monday when the actual trial will be resumed.

Juryman Is Ill

That the health of one of the members of the jury is such that his fellow jurors are worrying about him and believe he should be excused, became known when a committee of four visited Judge Bordwell in chambers. This committee was made up of Messrs. McKee, Frampton, Bain and Green, but the identity of the ailing juror was not revealed. Because Judge Bordwell was engaged with another matter, he could not listen to the committee but told its members he would visit the jury room later in the day, and see what can be done. Rumor has it that the man affected is one of the few who is satisfactory to both sides.

TO SECURE RELEASE OF DUNCANSON

SAN FRANCISCO, Nov. 4.—After two years of investigation in California and Kentucky in the case of Dr. E. E. Duncanson of Los Angeles, serving a life term in San Quentin on the charge of an unnatural crime against his 12-year-old step-daughter, Helen Tyler, C. E. Ramage of Pomona, Cal., today believes he will accomplish his friend's release.

Duncanson was convicted on the unsupported testimony of the girl. Ramage now has secured the affidavit of the girl that she swore falsely and has forwarded it to Governor Johnson. Upon this document, substantiated by affidavits of the girl's aunts in Kentucky, Ramage expects to secure the release of Duncanson.

Bids Were Opened Last Thursday for the Erection of Placentia Schoolhouse

PLACENTIA SCHOOLHOUSE, AS SHOWN BY ARCHITECT ELEY'S DRAWING.

If building in the cities of Southern California is to be estimated according to population, then Santa Ana can stand forth, proudly, claiming the right to lead for the months of 1911 already past and there are more new edifices planned and contracted for than can possibly be finished during November and December.

What is true of the city itself is also true of the county. In this connection the handsome Placentia school house, 4 miles east of Fullerton, of which Frederick Eley of this city is architect, is a fair example. The Mission type has been chosen for the school and so perfectly has the architect carried out the details that the plans suggest one of the olden cloisters, at one time so typical of Southern California.

The main structure will be two stories, with a concrete basement, containing the heating and ventilating apparatus, an up-to-date forced air system. In addition to the eight classrooms there will be a commodious auditorium, principal's room, teachers' room and library. The main body of the building is to be solid brick, plastered outside after the Mission style.

The floors throughout are to be maple and the wood-work is to be Oregon pine, stained soft brown, the tint of oak.

Bids were opened Thursday on the general contract and the following firms put in their figures:

Lagman & Thomas, \$29,900; Willard Slater Co., \$31,267; Willis, \$31,498; McMillan, \$32,500; Stradley, \$33,931.

As the heating apparatus will cost about \$2000, it is estimated by Mr. Eley that the structure completed will be about \$35,000.

Plans and specifications for the Placentia Round Table club house were placed on record at the courthouse this week, and with them went a contract for the building of the club house. This will be the first woman's club house in Orange County.

The Placentia Round Table is incorporated. It is a club for women and exerts a wide influence in social life at Placentia. The contract for the erection of the building is signed by Mrs. Maurice F. Pilgrim and J. Antoinette Nemo as president and secretary of the Placentia Round Table.

The contractor is A. E. Strehle, and the price to be paid him for the work is \$4790.

The drawings of the architect, Chas. E. Shattuck, show that the club house is going to be a very handsome one-story building, very modern and attractive in appearance with artificial stonework for basement and porch.

The floor plan shows a neatly arranged club house, suitable not only for club meetings but also for social gatherings of all kinds. Beside the lobby there is an assembly hall 26 by 39 feet, and a banquet hall 29 by 25 feet 10 inches. A ladies' parlor and kitchen are included in the plans. Under the contract the club house will be completed within ninety days. The fact that Placentia women are now building their club house and will soon be enjoying its advantages, calls to mind that the Ebell Society of the Santa Ana valley is going to build a club house, probably not for a year yet. The club owns the lot south of the intersections of French, Stafford and Mortimer streets. The lot is paid for and the club has \$1300 in the club-house fund.

Beautiful Homes

While the public buildings are of most interest to those who are on the business streets, no one cares a cent about stone and marble fronts when once the busy thoroughfares are left behind and glad feet are turned toward the tree-arched avenues that are at once the delight of the artist and pride of the home-dweller and the biggest asset of Santa Ana, the city. Here it is that the greatest movement is to be noted, for here it is that pretty homes are snuggling close, in the midst of velvet lawns, fringed with tall trees, hedged about with blossoms as bright as the promise of happiness their habitable doors offer alike to family and guests. This is Santa Ana's boast—more happy, comfortable homes than any city of its size in the State.

Such a home will be the Rankin bungalow, next door to Mrs. Cole in North Main street. It is a 7-room bungalow with a composition roof. The architect, Frederick Eley, is responsible for the new type. "Japanese-Swiss" he calls it, and whatever may be said of the name, the house itself is all right. It is a rambling, brown bungalow, with many windows, wide porches and a general air of comfort even now that makes one think it would be a treat to breakfast on that porch some morning when the air was filled with the sweetness of rain-drenched blossoms and the sun showed a reluctant face through white wisps of clouds. The grounds are large, 65 by 380, and they will be made beautiful after the house is finished the first week in December. The cost of the bungalow will be about \$4500.

Another characteristic cottage by the same architect is that of Frank Trickey on Walnut and Broadway, which is rustic as to exterior and has a composition roof. The cost is to be \$2500. The feature of this house lies (Continued on Page Three)

Amphion Circle Ladies Pre-
pare Delicious Luncheon
at Surprising Figures

The young ladies of the Amphion Circle gave the second of the Domestic Science luncheons they are preparing this year as a demonstration of their study along that line. The luncheon was given at the home of Mrs. W. A. Bartlett on East Walnut street. Chrysanthemums and roses were used in the various rooms in the beautiful home, and a huge basket of vivid holly adorned the table.

The cost of these luncheons being given by the Amphion ladies is not to be in excess of 15 cents to each guest, and the following marvelous menu under this rule was prepared at Thursday's luncheon under the direction of Mrs. F. W. Winslow, Mrs. W. A. Bartlett, Misses Lida Crookshank and Blanche Tiede;

Chicken Soup Wafers
Chicken Croquettes Creamed Potatoes
Peas in Pate Shells
Parker House Rolls Olives
Crea Tomato Salad Cheese Wafers
Ice Cream Strawberries
Marguerites Chocolate Cake
Mints Grape Juice

The next meeting of the Circle will be held with Miss Celia Cotter at the Mission Apartments, and will be devoted to current events. The Circle is devoting alternate meetings to the study of some question of the day.

Travellers Club No. 1 will meet Monday, Nov. 6, at the home of Mrs. J. H. Rankin, on Spurgeon street.

The singing master must possess a most acute ear. He must be capable not only of perceiving the very finest variation of pitch, but must also be able to detect the slightest fault in the placement or position of a tone. This acute sensibility to tone location and the corresponding ability to give just the suggestion which will correct a faulty placed tone are the possessions of the elect few in the wide realm of voice-builders. Those who have possessed these requirements in a very high degree have seldom failed to win world-wide fame for themselves through the beautiful voices they so successfully built.

No singer, however, gifted by nature, has ever won great and permanent success without having spent months and years of patient, persevering toil on fundamental tone work under some efficient and cautious tone builder who spared no time or energy to precisely place each single tone of the scale, to perfect the attack, again a masterful breath control and to develop ease and elasticity of delivery.

SPLENDID EXHIBIT

School Showings Are Fine—
Chrysanthemums Bloom
in Every Hue

The ladies of the Ebel Club and of Santa Ana should be praised most highly for the splendid art and crafts exhibit and chrysanthemum show with which they have delighted the people of this city since last evening when the show opened.

Spurgeon's hall, used for the affair, has housed many things of beauty and usefulness since that time. Of exceeding interest to every loyal citizen is the splendid display made by the schools. The platform is draped appropriately with Old Glory, has a good showing from the sloyd department, including a handsome Morris chair, book-cases, library tables and other articles that reflect great credit on the youthful makers. The art department is representative of every school in the city. Beautiful work in oil and water colors are shown from the high school while the grades and kindergarten are most creditably represented by pieces of real value and beauty. They must all be seen to be appreciated. There is needlework and confectionery from the Domestic Science department that reflect proudly on teachers and pupils.

In the art loan exhibit, are to be seen wonderful paintings and curios, magnificent needlework, Indian collections and other articles of rare and curious interest. Particularly beautiful is the china paintings shown by Miss Miller. They are truly exquisite. Painting by local artists is also worthy of more than passing mention. The Herman Reuter, Ava Wells and Von Bieber pieces are all good.

The chrysanthemum show is superb, the royal flowers being displayed in almost every hue. Some are enormous in size and all are beautiful. The hall is likely to be crowded to-night with enthusiastic visitors.

Hallow'en Social

Miss Linda Paul entertained the League members of the Methodist church, South, last evening, at her beautiful home on Spurgeon street. Weird sounds greeted the ears of the guests as they entered the house. They were ushered upstairs and to the cloak room by gestures of ghosts stationed along the way.

The rooms were lighted with ruby lights, and bats, witches and cats met the eye on all sides. Many delightful games were played, and fortunes told. Then the ghosts seated themselves comfortably on the floor and listened to ghost stories told by different ones, until they were all afraid to go home in the dark.

A piano duet was rendered, after which the guests adjourned having spent a most delightful evening.

The Desert Lecture

The story of the "Land That God Forgot," the country of romance and death, will be told next Tuesday evening in Spurgeon's Hall by a man who has lived his part and learned his lines in the seared reaches of the desert.

Lou Wescott Beck, prospector and life-saver, who has given many years to the humane work of rescue, will give this lecture with the aid of his stereoscopic views. His story is bound to be one of tense and vital interest, deserving a hearing by all who love the mystery of the American Sahara.

HIGH SCHOOL AUCTION

Debating Club Entertained
With Impromptu Debate
and Box Social

A delightful and beneficial box social was given last night at the high school, by the Webster debating club. A color scheme of red and white, the school's colors, was used in decoration. The first part of the program for the evening was an extemporaneous discussion: Resolved that boys take life more seriously than girls. Lennox Covington led the affirmative, while the negative was championed by Miss Fay McDowell. Every member present spoke upon the subject. Miss Everett, Mr. Ratcliffe and Principal Bartlett also added a few remarks. It was decided that the visitors should act as judges and when the vote was taken the boys were victorious.

Mr. Tedford, who was the presiding officer, called upon Mr. Tidball and Mr. Smith to perform their initiation "stunt." Mr. Tidball rendered with great pathos the pathetic little selection: "If I Was Where I Would Be, I Would Be Where I Am Not," much to the delight of the audience. Mr. Smith, the well known high school cartoonist, spoke two minutes on "Why a Hole in the Dark Is Not Seen." Miss Jayne, another new member, then spoke a medley of mother goose rhymes.

After this the meeting adjourned, and a very successful auction took place. This auction was the best one in the history of the school. The boxes were bid on rapidly, much to the delight of the inexperienced auctioneer, the selling price ranging from 45 cents to \$2.10. In all it netted close to \$20. All the visitors and members seemed to have a good time, and Prof. Bartlett spoke a few words in commendation of the affair.

Will Speak on the Home

Rev. Charles H. Seccombe will address young people tomorrow evening at the Congregational church upon the question, "What Are Your Ideals of Home?" The vital importance of happy homes as well as some of the perils that threaten the home life will be presented.

For Mrs. Bowes

Yesterday afternoon, Mrs. J. S. Wasser entertained delightfully in honor of Mrs. Maude Bowes, who is soon to leave for Nevada. Masses of exquisite chrysanthemums were used in decoration of the spacious Wasser home. The ladies had been invited to bring their fancy work, and over the dainty stitches cheerful chat was carried on throughout the afternoon. Delicious refreshments were served by the hostess, the following ladies, besides Mrs. Bowes, being her guests: Mesdames R. E. Dickinson, L. L. Whitson, A. A. Avery, Frank True, W. L. Grubb, Mary Whitson, H. H. Reeves, Max Reinhaus, Geo. Balderston, W. W. Wasser.

Carl Warren Won Medal

Carl Warren of Old Newport won the medal in the Silver Medal Contest at that place last night. Thos. Haughton of Santa Ana was a close second. Prof. W. C. Roberts and Mr. and Mrs. Herbert Rankin were the judges.

It will pay you to read the display advertisement of the Santa Ana Steam Laundry in today's Register.

Ask Your Physician

—It is not necessary for any woman to take our unsupported word for any statement we make. In fact, she can easily satisfy herself as to the efficacy of Rexall Vegetable Compound, if she will come to us, let us acquaint her with the ingredients contained in this preparation, and then ask her physician his opinion of the treatment. The formula, after which Rexall Vegetable Compound is put up, is the same as used by a reputable successful physician in treating such ailments. Since it has been on the market, the reliability of this treatment has been demonstrated in hundreds of cases, and today so positive are we of the results one may expect from a treatment of this preparation, that we offer to refund any money you may have paid us for Rexall Vegetable Compound, if it fails to produce beneficial results in your own case.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

OSTEOPATHY

It might be inferred from articles appearing in the Register under this head that osteopathy was only applicable in chronic diseases, this, however, is not the case. Osteopathic treatment is equally successful in acute troubles. Headaches, eye, ear, nose and throat diseases when due to a lack of proper circulation of blood or an interrupted nerve supply, yield quickly to manipulation that restores these to normal—chest diseases, when not too far advanced for nature to restore the wasted issues can be benefited, and in many instances cured. In these diseases the work of the osteopathic physician is to raise the ribs, expand the chest and free up the circulation of blood. The heart and lungs supply cannot work when crowded and held down by a flat, distorted chest wall. This is what the osteopath calls a mechanical obstruction to vital forces, and what could be more reasonable than to mechanically relax the contracted muscles and expand the chest. In diseases of the stomach, liver and bowels, we usually find an interrupted nerve supply. For the healthy action of these organs depend so much upon a free nerve supply. I believe the osteopathic school has added greatly to medical knowledge in this respect, for thousands of cases of stomach, liver and bowel troubles have been cured by this method when everything else had failed, and the reason is that the osteopath has gone directly to the nerve centers in the spine and found the trouble and by removing it has set nature's forces free—and what a change in the general health when these organs begin to function properly—constipation gone, digestion good, the liver working regularly, throwing the bile out into the bowels, to act as a natural laxative and disinfectant. This alone is enough to drive away headaches, rheumatism, bad breath, sour stomach, and a whole chain of symptoms that make life miserable.

Now we see why the osteopath claims he does not treat the disease, but the thing that causes it. Just a word to those who are discouraged with trying to get well. Have you ever really had a thorough physical examination, to learn if there isn't some mechanical reason for your organs not working? Why not try it? I will be perfectly honest with you. If I cannot find the cause of your trouble, I will say so. I certainly do not want to take a case I cannot help.

There will be no charge for examination. My charges for treatment are \$2.00 for single treatments, \$10.00 to \$25.00 per month for chronic troubles, depending upon the requirements of the case. Home phone 291.

DRUNKARDS TIED TO TOMBSTONES; CURS FOR DRUNKEN

ST. LOUIS, Mo., Nov. 4.—Illinois has a brand new and original plan to cure the liquor habit. It was devised by citizens of Madison County, across the river from this city. It is called the cemetery cure, but it does not mean for the patient the usual trimmings of draperies and florists emblems, nor is the trip to the graveyard accompanied by a string of cabs at \$1 per.

The situation is handled otherwise. In the early morning the patients are carted to the city cemetery and while the late moon looks down on the strange task they are both with ropes to upright monuments, while others are laid in graves which have sunk through years of stormy stress. New Douglas people solemnly aver that since the cemetery cure has been put into effect the straight and narrow path is being crowded.

given by Mrs. Pollard and Mrs. Rawlings. A suffrage drill was conducted by Mrs. M. R. Rawlings and was considered very helpful in view of the fact that the ladies now have the use of the ballot.

A series of questions and answers, prepared by Mrs. Kennedy, were read. They mentioned many noble characters from the time of Paul down to the present, who have had the vision and been obedient to it.

It was decided to hold a teachers' and parents' reception at the home of the president in the near future. Committees were chosen as follows: For program, Mrs. Kate Ebel, Mrs. H. H. Forline, and Mrs. C. A. Miller; refreshments, Mrs. J. C. Stearns, Mrs. W. C. Crawford, and Mrs. C. E. Utt.

Mrs. Morgan's name was added to the list of members.

The next meeting will be with Mrs. Shatto on next Thursday afternoon, Nov. 9. Mrs. Marchant will have charge of the meeting and the subject will be "Scientific Temperance Instruction."

Hallowe'en Frolic
Masters James Utt and Barrett Deaver, were hosts to a company of their young friends at a moonlight frolic last Monday night on the croquet grounds at the Utt home on Main street.

The boys and girls roasted weinies in a big bonfire, bobbed for apples, and wrestled for doughnuts on strings. They also devoured delicious pumpkin pie. The happy hours quickly passed with merry games.

Those who were present were Wilhelm Bennett, Mildred Bennett, Helen Bainbridge, Eulalia Bainbridge, Margaret Tingley, Ella Awe, Jessie Rawlings, Gertrude Utt, Dorothy Utt, Louise Utt, Felton Browning, Clarence Rawlings, Dale Crawford, Willet Phinney, George Mathews, Russell Hardcastle, Millard Foster, Scott Praether, Virgil Deaver, Victor Deaver, Barrett Deaver and James Utt.

Hallowe'en Party
The Alkanis Class of the Presbyterian Sunday school was entertained Tuesday evening by their teacher, Mrs. B. H. Sharpless. The merry-makers went to the Sharpless home in a hay rack and greatly enjoyed the jolly ride.

Funny faces of jack-o'-lanterns from every conceivable corner of the house and they furnished the only light upon the scene. Mr. Alton Alderman played some piano solos, and Mrs. Sharpless sang a spook song, following which many creepy ghost stories were told by the company.

Miss Ada Sharpless was the little black witch who stirred the fiery kettle which contained the fortunes of the guests written on pumpkin shaped cards. As the fortunes were drawn and read aloud they caused much merriment.

Black cat booklets were given out and the guests participated in a guessing contest, the answer to each question being some word commencing with "cat." The prizes were cat-tails.

After participating of the Hallowe'en refreshments of apples, nuts, pumpkin pie, and punch, the young people left for their homes all agreeing that they had been royally entertained.

The guests were the Misses Ethel Alderman, Maude Young, Cattie Young, Lena Ebel, Jessie De Baum, Inez Phinney, Ella Crawford, Leona Bainbridge, Ada Stearns, Mina Halderman, Mina Ellis and Ada Sharpless.

Messrs. Alton Alderman, Wm. McLaughlin, Roy Knight, John Kiser, Elmer Deaver, Feuland Mathews, Myron Halderman, Horace Stevens, Mr. and Mrs. Frank Grisct, Mr. and Mrs. Claude Martin, Mr. and Mrs. Tuttle, Mr. and Mrs. Philip Ebel and Mrs. Eells.

Mrs. P. W. Swartz Entertains
Mrs. P. W. Swartz was hostess last Tuesday afternoon to the members of the Richardson Art Embroidery Club. The spacious parlor and living room were beautifully decorated with grape vines, and bouquets of yellow and purple chrysanthemums. The windows were darkened, and the yellow shaded electric lights shed a soft glimmer over the scene.

Miss Ruth Davis, Mrs. Swartz's granddaughter, and the two Miss Bernhards, who are playing at the Mirror, sang and danced for the company. Beautiful piano music was also rendered.

When the guests were ushered into the dining room, they were whirled into the land of Hallowe'en, for they were surrounded with black cats, whose bright eyes were gleaming, witches, and weird looking ghosts. The scene was all the more weird as the only light in the room was that shed from the candles on the table.

The table decorations were also typical of Hallowe'en, the centerpiece being formed by Old Mother Hubbard and other funny figures surrounded by red and green peppers. At the ends of the table pyramids of rosy apples were flanked by green chilies. The candlesticks were formed of hollow cucumbers, and the napkins were of Hallowe'en design, being pinned with black cats, which served as favors.

The refreshments served were bounteous, consisting of salad, baked beans, sandwiches, pickles, olives, doughnuts, cakes, pumpkin pie and coffee.

Those present were Mrs. R. R. Rumlins, Mrs. Mount, Mrs. McCarrell, Mrs. Curtis, Mrs. Mann, Mrs. Peacock, Mrs. Ed Smith, Mrs. C. C. Lambert, Mrs. Hart, Mrs. Howes, Mrs. Hardcastle, Mrs. Wm. Collar, Mrs. George Praether, Mrs. Frank Stearns, Mrs. Chas. Ariz, Mrs. H. P. Christensen, Mrs. Tuttle, Mrs. Tom McDonald of Santa Ana, Mrs. Davis of Los Angeles, Mrs. Hattie B. Swartz, and Mrs. P. W. Swartz.

HILL'S CORNER

Most everybody knows that we carry in stock a large assortment of roofing material and we want the other fellow to know it, because we want to sell the goods and there are many people that ought to buy it and put it where it would "do the most good" before the rainy season sets in its work.

For the barn and other out buildings there is nothing else to be compared with

CORRUGATED GALVANIZED IRON

and it is about as cheap (in price) as anything that can be put on.

We have the "Rubberoid" roofing (which is the best of the felt roofing material) and several kinds that are cheaper and lower priced, or galvanized iron beats every other thing for plain roofs where there is not enough to carry the water.

AN EXCELLENT MAP PREPARED

Shows Population and Assessed Valuation of Various Road Districts

County Surveyor J. L. McBride and Malcolm Lloyd have just completed an excellent map of Orange County, showing the population and assessed valuation of every road district in the county. This map is to be sent to the State Highway Commission along with the recommendation of the Board of Supervisors as to the route through Orange County. The figures shown on the map indicate the desirability of having the inland route rather than one along the coast, at least from the standpoint of population and assessed valuation.

Orange County argues that the pro-

posed road from Riverside to San Diego should be through the Santa Ana canyon, joining the through highway in Orange County west of Orange. By this route instead of the one east of the Santa Ana mountains, the state would save building seventy-seven miles of road, while Riverside and San Bernardino people would have but twenty miles further to travel to San Diego.

ORRINE FOR DRINK HABIT

—Any wife or mother who wants to save her husband or son from "Drink" will be glad to know that she can purchase ORRINE, the standard liquor habit remedy that we have sold for years, and if no benefit is obtained after a trial, the money will be refunded.

ORRINE is prepared in two forms: No. 1, secret treatment, a powder, absolutely tasteless and odorless, given secretly in food or drink; ORRINE No. 2, in pill form, is for those who desire to take voluntary treatment. ORRINE costs only \$1.00 a box. Come in and get a free booklet about ORRINE. Hatzfeld & Parsons.

SURELY MAKES DYSPEPSIA GO

Heartburn, Indigestion, Gas and All Stomach Misery Vanish

—Nothing will remain undigested or sour on your stomach if you will take a little Diapiesin occasionally. This powerful digestive and antacid, candy, will digest and prepare for assimilation into the blood all the food you can eat.

Eat what your stomach craves, without the slightest fear of indigestion or that you will be bothered with sour risings, belching, gas on stomach, heartburn, headaches from stomach, nausea, bad breath, water brash or a feeling like you had swallowed a lump of lead, or other disagreeable miseries. Should you be suffering now from any stomach disorder you can get relief within five minutes.

If you will get from your pharmacist a 5-cent case of Pape's Diapiesin you could always go to the table with a hearty appetite, and your meals would taste good, because you would know there would be no indigestion or sleepless nights or headache or stomach misery all the next day; and, besides, you would not need laxatives or liver pills to keep your stomach and bowels clean and fresh.

Pape's Diapiesin can be obtained from your druggist, and contains more than sufficient to thoroughly cure the worst case of indigestion or dyspepsia. There is nothing better for gas on the stomach or sour odors from the stomach, or to cure a stomach headache.

The Halloween party and supper given by the ladies of the Ebell Club last Tuesday night proved a great social and financial success. The reception room of the club house was effectively decorated with black cat and witch sketches, and great jack o'lanterns grined from the corners of the room and over the massive fireplace. Much merriment came from the pie-eating contest which proved almost a draw with the four contestants, Chas. Wallace, George Peabody, Max Wallace and J. A. Ricker. Bobbing for apples was most popular with the adept swimmers who did not object to staying under water. Mr. C. H. Wallace proved himself an accurate guesser, naming the exact number of nuts and candies in a great jar. After the games a bountiful supper was served, which consisted of doughnuts, pumpkin pies, sandwiches, cake and coffee and candies and nuts. After supper dancing was enjoyed by those who cared for it, and others gathered about the tables for bridge and "500."

IN THE JUSTICE'S COURT

TESTIMONY A TRIFLE WEAK

Rancher Would Identify the Sewing But Not the Rest of the Property

Because one witness was unwilling to tell under oath the same story he told the officers, and because another witness was weak in his identification, the charges of grand larceny against four Los Angeles Italians and three Fullerton Mexicans was dismissed this morning by Justice Cox. Joyed over their release, H. Cohn and Joseph Fernin clasped hands and kissed each other. But Fernin's joy was short-lived, for he was immediately arrested on another charge of stealing walnuts.

Henry Federer, a German rancher of Placentia, declared he recognized the "sewing" on the sacks found in the possession of Robert Epstein in Los Angeles as the "sewing" on his sacks. He would not swear that the sacks and walnuts were his, and Deputy District Attorney Koepsel could not get him to.

W. T. Chambers of Fullerton had told the officers that the accused men put up at his stable, that he saw them bring in a load of walnuts and transfer them to another wagon, that he heard one of them say "We've got 'em," that he got them a bale of hay and by the light of the lantern easily saw the features of one of the Mexicans arrested. When Chambers was on the stand he said he could recognize but two of the men present, and they were ones who were at his place all night and did not take the walnuts away. He could not say what there was in the wagons, if anything at all. He could not say that there were any walnuts.

While there was not evidence enough to hold the men over for trial, the officers are satisfied that they gave the gang a scare. Fernin is now charged with receiving walnuts stolen from A. I. Stewart. They were shipped to Fernin from Fullerton.

Six Months, Too
Mrs. Marquez of Anaheim came in to the justice's court yesterday afternoon and pleaded guilty to stealing walnuts. She was sent to jail for six months, the same period for which three other Anaheim Mexicans were sentenced yesterday morning.

AT THE COURT HOUSE

Livery Barn Suit
Suit for possession of a livery stable at Garden Grove was begun yesterday by J. H. Callahan against R. N. Brumbaugh, Harry Kenah and O. A. Butler. The complaint states that the defendants agreed to pay \$4683 for the property, in payments. After \$1808.97 was paid payments were missed, and hence the suit on the contract. Williams & Rutan are attorneys for the plaintiff.

Will Is Filed
The will of Joanna Kolberg, who died at Orange on Oct. 18, was filed for probate today. She leaves her estate of \$9000 equally divided among her children. Williams & Rutan are attorneys for the petitioner, August Lenke. The will was written Oct. 14, and was witnessed by Henry Bosch and J. A. Rodieck.

Asks for Letters
Jennie E. Stahl has asked for letters of administration on the estate of her husband, Edward F. Stahl, who died Nov. 1, leaving an estate of \$5500. Melrose & Ames are the petitioner's attorneys.

Marriage Licenses
William H. Finch, 22, and Edna E. Evans, 20, both of Los Angeles. Hugh P. M. Weil, 31, and Jessie Livingston, 33, both of Los Angeles; Edward M. Giny, 23, and Mae Grau Jones, 19, both of Pasadena; Martin Blair, 26, and Nina Baker, 27, both of San Diego.

OLD SAM, BOATMAN, DIED YESTERDAY

Old Sam, the boatman of Newport Beach, is dead. With his passing goes one of the characters of Newport Bay. His name was Sam Plastini. He came around the Horn as a sailor a good many years ago. He was at Newport Beach for twenty-three years, and rented boats at a little wharf on the bay. He was 87 years old when he died yesterday. The funeral will be held at the Catholic church here at 10:30 o'clock Monday.

WATER BONDS WERE CARRIED

Orange Citizens Decided in
Favor of Improving
the System

ORANGE, Nov. 4.—By an overwhelming vote, the \$50,000 water works bonds and the \$5,000 fire bonds were carried in the election held yesterday. The water bonds carried by a vote of 449 for and 87 against, and the fire bonds carried by 446 for and 87 against.

The big vote in favor of the bonds was surprising, for there was a hard fight put up by the opponents.

The passing of the water bonds means that Orange will have a new and bigger water system. The present plant will be used as an auxiliary plant.

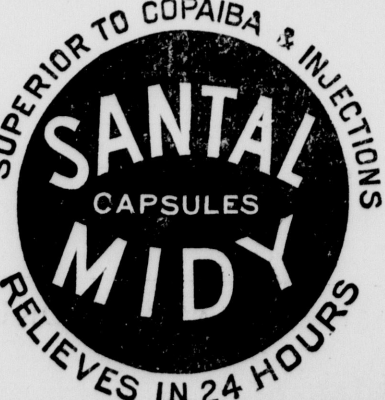

IT ENDORSED SEWER PLANS

At a meeting yesterday the Board of Health adopted a resolution favoring the plan of the City Trustees to furnish a new outfall sewer for Santa Ana. The resolutions are to be signed and will be presented to the trustees next Monday night.

Our New Machinery

We have recently installed in our laundry the latest thing in equipment — THE "NEW WORK" PROCESS

—this process turns out table linen with all crisp freshness of new linen.

Our Rough Dry Work

By our "New Work" washing process our "rough dry" work is sent home to you not only thoroughly cleansed, but the fabric is given new life and has fresh new look impossible to be had by any ordinary means of washing.

Our Flat Work Rates

are so low, that all those who have tried having the work done

by us recognize that it is economy to have us do it regularly.

We are the oldest established and most thoroughly equipped laundry in this section and have kept right up to date in the matter of modern appliances. Our operatives also have the advantage of long years of experience.
